Covid-19

COVID-19 BOT

Say hi and get started!

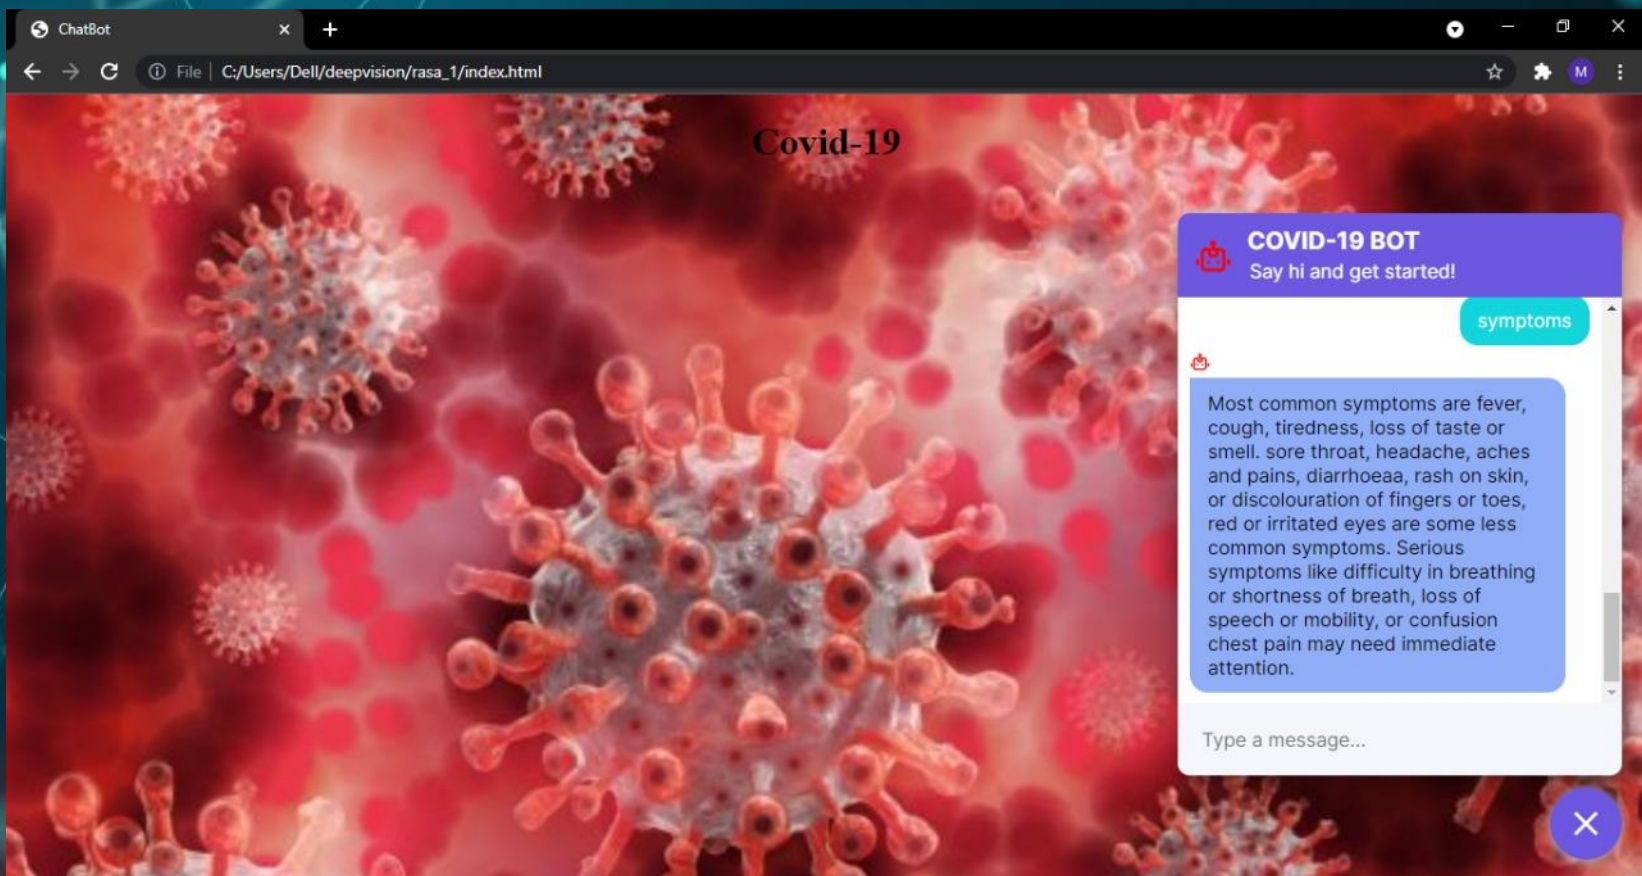

Which virus causes COVID-19

it is caused by the SARS-CoV-2 (Severe acute respiratory syndrome coronavirus 2) virus. Most people infected with the virus will experience mild to moderate respiratory illness. Some will become seriously ill and require medical attention. Older people and those with underlying medical conditions are more likely to develop serious illness. Anyone can get sick with COVID-19 and become seriously ill or die at any age.

The background is a dark teal color with a complex network of thin, light teal lines connecting small dots. Some dots are larger and more prominent, while others are smaller. The lines form various geometric shapes, including triangles and polygons. The overall effect is a sense of a digital or networked space.

Thank you...!!!
